## DECLARES THAT THE TEMPORARY EDGE PROTECTION SYSTEM:

Brand name : TEMPORARY EDGE PROTECTION CLASS B  
Description : MODULAR SYSTEM DESIGNED FOR TEMPORARY EDGE  
PROTECTION COMPOSED OF UPRIGHTS AND HORIZONTAL  
TUBES OF 3 METRES.

Is tested according NEN-EN 13374 Temporary edge protection systems  
- Product specification - Test methods and met the test requirements for  
Class A and B. Heights allowed are according NEN-EN 13374 Annex B.

In the event of changes to the system without the prior consent of  
manufacturer this declaration will become invalid. As will the act of placing  
the uprights on the wrong kind of surface.

Authorized on behalf of ASC Group.

Name Responsible: Jeroen van den Heuvel
